It's because I met you
It's because I'm here
It's because I felt you
It's because I'm near

That's the reason why
You don't have to go
The reason that I adore you
You know

(It's because I met you)
It's because I met you
(It's because I need you)
It's because I feel you
(It's because I want you)
It's because I love you
You put me into it
And now you want me to leave
I'll tell you all the reasons
It's a question of love

[Be strong, be weak, beware]
It's because I met you
It's because I'm here
It's because I felt you
It's because I'm near

That's the reason why
you don't have to go
The reason that I adore you
you know

You have nothing to lose

(It's because I met you)
It's because I met you
(It's because I need you)
It's because I feel you
(It's because I want you)
It's because I love you

You put me into it
And now you want me to leave
I'll tell you all the reasons
It's a question of love

It's a question of love
It's a question of love...

You have nothing to lose

(It's because I met you)
It's because I met you
(It's because I need you)
It's because I feel you
(It's because I want you)
It's because I love you

You put me into it
And now you want me to leave
