"Song For a Blue Heart"

Water on my lips, sweet fingers open my eyes, my
heavy
eyes
We smile like it was the last smile on earth, the
smile of a blue heart,
blue skin, blue songs.
I know, the colour is blue, maybe too much blue, I
know

Make me scream I scream for you
Make me fly; I'm flying with you
Make me cry I cry for you
Water is Blue, water is blue, water is...
Never found a girl from another world
Never touch the floor with another one
Never breathe that air from another one
Never felt those eyes playing with my soul
Blue to be breath, blue to believe,
Blue to loved by, Blue to be felt by, blue to be
touched by
Blue to believe you,
Someday, sometime, somewhere

Make me cry I cry for you
make me love you, i love you
Never found a girl from another world
Never touch the floor with another one
Never breathe that air from another one
Never felt those eyes playing with my soul
Blue to be breath, blue to believe,
Blue to loved by, Blue to be felt by, blue to be
touched by
Blue to believe you,
Someday, sometime, somewhere

Someday, sometime, somewhere
Someday, sometime, somewhere
Someday, sometime, somewhere
