Yes I do. I promise that I'll be lovely
I promise that I'll be lovely for you, for you
and for me
Loving in this love seat, love me in this love
seat, are you sure?
And I, I promise that and that, just to be
apart of that questions ofâ€¦
And I'll try to be so responsible for my acts;
you think I'm a liar
And I found you don't know I'm insane,
I won't love you here by my side, yes I know why, and
know why I'm hereâ€¦
Just this song in my head, just this song and I'm sad
because ofâ€¦
Why? You will be my love, you will be this free, you will
be my loveâ€¦
Why you'll be so different for me
