You know I can let you go  
You just know I can let you go  
And you know they can let you go  
And I know they can let you go

You know I can let you go  
And you know I can let you go  
And now I know why I start to run  
running out, don't talk, don't stop, don't run  
Can't stop running out, I can let you go

I can let you go  
You don't know I can let you go  
Cause I'm a fucking asshole, I can let you go  
And you're a fucking asshole, cause you can let me go  
and you tell me that

Run or that I should stop talking about  
all the same problems  
that I'm not nearby  
and you run and run  
and talk about those fucking problems  
I don't care  
Cause baby I can let you go

I can let you go  
You know I can let you go  
Cause everybody knows  
I can let you go

I think you once told me  
"How can I live spending my life  
when you don't care about myself?"  
You tell me this, tell me that  
We run and so... cause you're a fucking asshole

You know I can let you go  
And you know I can let you go  
You know, I know I can let you go  
But I know I can let you go  
You know, I know I can let you go

I know I can let you go
