When it was time to move on to the castle of evil there
was a lot of doubt
Among the travelers.
They were not sure that they wanted to continue this
quest, and why should
They? If they turned
Back now maybe they would survive instead of meeting
the same fate as Darek.
And riding towards the
Castle would only bring one thing: DEATH. It was in that
moment of doubt
That Siam began to
Speak.

As I started to make this journey I traveled alone
Not knowing what waited for me on the other side
But I always knew that this was destined just for me
Chosen by fate to battle the evil one

And no, no I can not change this prophecy
No, it's already written in my fate

And now that I've come this far into the unknown
This quest feels so hard to bear on my shoulders
And I cannot ask of you to join me to the end
But if I face this alone then I will die

Bu no, no I will not change my destiny
No, I shall follow the sign because

I, I know it's my destiny
And there is nothing here for me
So now, you got to choose you see
Stay here where you'll be safe and warm
Or to carry on
And if you stay then I go alone
Into the land of the dark

Together we're strong enough
There's no way we will lose
Together we'll carry on
United as one we will give them a fight

To battle were riding on
With steel in our hands
In glory we're riding on
Try to fulfill our quest

And no, no we shall not change our destiny
No, we shall follow the sign because

I, I know it's my destiny...
