My fists out of control
My eyes to blind to see
My mind in a black hole my skin to numb to feel
My life is just like I'm in hell
Every day my heart is just bleeding
Peace of mind are words that I can't spell
But now I can't predict what I'll do

Determination!! is what you regret
Determination!! rules you till the end

These hands are not my own
These hands that scratch my own face
My brain has never known
That my life is just like a chase
The darkness is my only friend
It's surrounds this shame like my body
No time that I will ever spend
With all the things that make me feel free

Determination!! is what you regret
Determination!! rules you till the end

I can't imagine what I'd do
I was so blind my whole live
I can't imagine what I do
I kick my ass about my past

I open up the door
I don't believe what I see
A thousand little wars
And nothing's just like it seemed
No faith, no trust in anyone
Those who were winners are loosing
Nobody knows what he has done
I close my eyes but I can't rule this hate

Determination!! is what you regret
Determination!! rules you till the end

I can't imagine what I'd do

I was so blind my whole live
I can?t imagine what I do
I kick my ass about my past

I can?t imagine what I?d do
Blow up the chains of all this pain
I can?t imagine what I?d do
I wish I?d fly into the sky
