People say I'm a joker, but I'm playing king.
People say that I'm a fuck, but that don't mean a thing.
Why is there a barcode stuck to my forehead?
Why do people give a fuck what other people said?
I'm so disgusted with you,
I'm sick of you,
Now we're through.
I've stuck around long enough to know
That you don't know a thing about me, and I'm serious.
You say that I'm a child, atleast I haven't changed.
There is credit given to those who remain the same.
I'm not all hung up, I'm just feeling sick.
You get what you deserve and not because I'm a prick.
I've stuck around long enough to know
That you don't know a thing about me, and I'm serious.
I'm sick and tired of the dumb charades you play.
And I'm here to say to you I'm serious!
