I hide emotions so well,  
i guess that you can never tell.  
I hide emotions so well,i guess you can ever tell  
Hold my tears inside  
Hurting so so bad i wishes id just die  
This is an informal disguise you all fail to recognize  
behind my razor blade smile  
YEAH!  
NO MORE DEPRESSION!  
NO MORE SUPPRESSION!  
These are the things you dont know  
because i chose not to show  
hiding my anger my pain through expressions i cant  
explain  
you gotta love my technique, so beautifully unique.  
i expose the weak, you abash me the meek.  
no more oppression!  
no more discretion!  
no more oppression!  
no more discretion!  
i tell you time and time again that you will never  
comprehend!  
this time the cherade ends now i cant pretend!  
i tell you time and time again that you will never  
comprehend!  
this must all come to an end this must end!

this must end  
Im hiding my self away from you (from you)  
putting up the barriers that you cannot break through  
I've seen you, i've been thrown away too many times  
disregarded, discarded this aggression, this  
regression is all held in for a reason, N more! No More  
aggression! No more oppression!  
I am weakend! i am weakend from depression! This  
Suppression!  
No more discretion!!  
I am weakened! i am weakened!  
No more regression!

I DID THIS TO MYSELF! ( tomyself! )  
you cannot change me cause i change myself!

id rather die than ask you for help!  
if ths is the end then myself i defend!  
but in my defense there is no pretense!  
you cannot change me cause i cgange myself!  
id rather die than ask you for help!  
if ths is the end then myself i defend!  
but in my defense there is no more pretense!  
NO MORE WEAKNESS!!!
