The burning desire to live and roam free

It shines in the dark
And it grows within me

You're holding my hand but you don't understand
So where I am going, you won't be in the end

I'm dreaming in colors
Of getting the chance
Dreaming of china, the perfect romance

The search of the door to, open your mind
In search of the cure of mankind
Help us, we're drowning
So close up inside

Why does it rain, rain, rain down on utopia?
Why does it have to kill the ideal of who we are?
Why does it rain, rain, rain down on utopia?
How will the lights die down, telling us who we are?

I'm searching for answers, not given for free
You're hurting inside, is there life within me?

You're holding my hand but you don't understand
taking the road all alone in the end*
I'm dreaming in colors, no boundaries are there

I'm dreaming the dream, and I'll sing to share
In search of the door, to open your mind
In search of the cure of mankind
Help us, we're drowning
So close up inside

Why does it rain, rain, rain down on utopia
Why does it have to kill the ideal of who we are?
Why does it rain, rain, rain, down on utopia?

How will the lights die down, telling us who we are

Why does it rain, rain, rain down on utopia

Why does it have to kill the ideal of who we are?

Why does it rain, rain, rain down on utopia

How will the lights die down, telling us who we are

Why does it rain?
