You should save your life for those you love

Cos they need you in their lives day and night

They will miss you

And need you in their lives need you in their lives

They need you

Verse 1

Many men and many women have said before that they
don't believe that there's

HIV in Africa HIV in Africa

Most of them have passed away cos they refused to
heed the voice

The voice of warning, voice of warning

Cos the voice of warning said

If you really want to play you better play it safe it's
better not to play but if you want to play use a condom
so you'll never go wrong Æf' Æ, â€!...

Chorus

Hook

Verse 2

Many times so many people will say to you that they
don't know people with

HIV in Africa, HIV in Africa

They are living all around you

So you should hearken to the voice, the voice of
warning

Cos the voice of warning said

Whenever you use a needle if you want to stay alive

Then you gotta sterilize the needle or any other
instrument

Chorus
