I don't understand why you could not look at me

I don't understand why you would not talk to me

I don't understand why you should not know of me

Please tell me why

I don't understand what was so wrong with you

I don't understand what I did do to you

I don't understand what I didn't know 'bout you

Just tell me now

Because I want to know why you can't love me so

and why I must go through this again

And I need to know why you can't love me so

and why I must sit through all this Pain

I don't understand how I could let you go

I don't understand how you wouldn't let me grow

I don't understand how you could throw me so

Please tell me why

Because I want to know why you did leave me so

and how long it will be for me

And i need to know why i do need you so

and why am I suddenly just "she"

I don't understand why you could not look at me

I don't understand why you would not talk to me

I don't understand why you should not know of me

Please tell me why

I love you----Why??

That's it, and i hope it compiles with all your standards.
