I turned my back on the ones I loved
To be with you instead
Now I'm living with a big black cloud
Hanging around my head
Hanging around my head

Now I'm down in a hole and I'm losing control
Is it better without you?
Everyday is the same, it's so hard to explain
When I'm living without you

I can't breathe
I can't breathe
I can't breathe

Looking into the mirror
I can't see myself anymore
I lost my fix on reality
When I walked through your door
When I walked through your door

Now you're all that I know when I'm losing control
I'd be better without you
Everyday is day is the same, try to deal with the pain
When I'm living without you

I can't breathe
I can't breathe

Why did you choose me
Just to abuse me?
What will it take to
Make my way back
Out of your story
Out of your spiral web?

Now you're all that I know when I'm losing control
I'd be better without you
Everyday is day is the same, try to deal with the pain
When I'm living without you

I can't breathe

I can?t breathe
I can?t breathe
I can?t breathe

I can?t breathe
I can?t breathe
I can?t breathe
I can?t breathe
Yeah, yeah, yeah
