All alone the ballerina dances before my eyes
She turns her head away but as the music plays she
cries
If only I could make her see this prison that is keeping
me
Outside
In her perfect world
She could show me how

Find my way to love
Find my way to love
I'll walk a thousand miles
Under starless skies
Till I find my way to love
In between these walls that
Cage me in I feel her breath

Her sadness enters me
As I watch the winter leaves fall on her dress
The vision in my mind's so real
I still can't conceal my emptiness
In her perfect world
She would show me how

Find my way to love
Find my way to love
I'll walk a thousand miles
Under starless skies
Till I find my way to love
In between these walls that
Cage me in I feel her breath
