Something in your eyes that says you've seen the
whole of time
A secret hidden in the dirt
That flashes on your smile
A secret we all lost today
Of something once divine
The beauty of the world has flown
I see it in your eyes
Mona Lisa
Mona Lisa smile
Mona Lisa
I'm captured by your disappearing smile
There's no-one left to see ya
'Cos there's no-one left alive
'Cos we're all drunk and Howling
Or stoned out of our minds
Or blind obsessed with shopping
Or clinging to our (husbands) wives
It's a graveyard on the upside
Of these city streets you'll find
Mona Lisa
Mona Lisa smile
Mona Lisa
Mona Lisa smile
I just wanna know how to get there
I just wanna know how to break clear
You are the world's forgotten love
Kiss me Mona Lisa
You are the world's forgotten love
Kiss me Mona Lisa
I don't know about you man
But she say I don't belong
I don't know about you man
But she say I don't belong
I don't belong here
I don't belong here
Something in your eyes that says
You've seen it all before
A mystery unfolding
You're a mystery for sure
The mystery gets deeper when you look into it's eyes

Yes a mystery gets stronger when you look deep in it's
eyes
Mona Lisa
Mona Lisa smile
Mona Lisa
Mona Lisa smile
I just wanna know how to get there
I just wanna know how to break free
You are the love we left behind
Touch me Mona Lisa
You are the love we've left behind
Touch me Mona Lisa
I don't know about you man
But I feel that something's wrong
But I don't know about you man
But I feel that something's wrong
There's something wrong here-acapo
