All lines have been drawn, on battle fields far away  
From the place that you know  
Oh, whenever a storm approaches  
You hide away in your own little world

But I can't close my eyes to what I see in life  
When tears fall down like rain

Someday the sun's gonna shine  
And lift us beyond where we are  
Someday if we could only love one another  
I hope we can reach out that far, someday

So think that our fate is sealed  
?Cause love will reveal itself, to you  
In time all wounds will heal, whatever your fears will be  
They'll all come down

If hope can multiply and reach the world outside  
Then we'll break these chains

Someday the sun's gonna shine  
And lift us beyond where we are  
Someday if we could only love one another  
I hope we can reach out that far, yeah yeah

Someday I can feel it coming  
Somehow I can see the signs  
We've got a mountain to climb

Sun's gonna shine  
And lift us beyond where we are  
Someday if we could only love one another

Someday, someday the sun's gonna shine  
And lift us beyond where we are, yeah  
Someday if we could only love one another

Someday, someday, yeah, oh  
Gonna be above it, gonna be above it, yeah  
Oh, it's gonna be above it, be above it, yeah  
It's gonna be above it, above it, yeah

Be there, see that, be there, see that
