I've been out of my head since we said our goodbyes  
And you know me so well it should be no surprise  
That I need you, need you badly  
Yes I need you so bad

Now I'm trying to tell you the way that I feel  
So how can you believe that my love isn't real  
When I need you, need you badly  
Yes I need you so bad

I know we've had our troubles  
But love was a reason enough  
Just to give it a try  
I'm trying to understand why you cheat and you lie  
But you've hurt me so bad, I just break down and cry

So I hope you can hear me, I hope you can see  
What you've done to me, girl  
What your love means to me  
'Cause I need you, need you badly  
Yes, I need you so bad.
