I kinda always knew I'd end up your ex-girlfriend  
I kinda always knew I'd end up your ex-girlfriend  
I kinda always knew I'd end up your ex-girlfriend  
I hope I hold a special place with the rest of them  
And you know it makes me sick to be on that list  
But I should have thought of that before we kissed  
You say you're gonna burn before you mellow  
I will be the one to burn you  
Why'd you have to go and pick me?  
When you that we were different, completely  
I kinda always knew I'd end up your ex-girlfriend  
I kinda always knew I'd end up your ex-girlfriend  
I hope I hold a special place with the rest of them  
I kinda always knew I'd end up your ex-girlfriend  
I'm another ex-girlfriend on your list  
But I should have thought of that before we kissed  
Your wildness scares me  
So does your freedom  
You say you can't stand the restrictions  
I find myself trying to change you  
If you were meant to be my lover I wouldn't have to

And I feel so mean, I feel in between

'Cause I'm about to give you away

I kinda always knew I'd end up your ex-girlfriend (for  
someone else to take)

I kinda always knew I'd end up your ex-girlfriend (am I  
making a mistake?)

I hope I hold a special place with the rest of them (all  
the time that we spent)

I kinda always knew I'd end up your ex-girl, friend

I'm another ex-girlfriend on your list

But I should have thought of that before we kissed

I'm another ex-girlfriend on your list

But I should have thought of that before we kissed

I'm about to give you away for someone else to take

I'm about to give you away for someone else to take

We keep repeating mistakes for souvenirs

And we've been in between the days for years

And I know that when I see you I'm going to die

I know I'm going to want you and you know why

It's going to kill me to see you with the next girl

'Cause I'm the most gorgeously jealous kind of ex-girl

I kinda always knew I'd end up your ex-girlfriend

I kinda always knew I'd end up your ex-girlfriend

I hope I hold a special place with the rest of them

I kinda always knew I'd end up your ex-girl friend

I'm another ex-girlfriend on your list

But I should have thought of that before we kissed

I'm another ex-girlfriend on your list

But I should have thought of that before we kissed
