Thinking what should I do
Now I don't have you
Facing my demotion
I'm just a fish in your ocean
Has been, that's what I am
With my backstage wristband
Freaking seconds of you
That's not what I'm used to
Feed, feed 'em all to me
Careful with my stuff
What's your policy
First one's free
I save 'em up, I put 'em in my pocket
I save 'em up, put 'em in a jar
I save 'em up, I'm gonna need 'em for later
I save 'em up, then they'll go real far
Hand me downs, the takedowns
I take the leftovers
Cold ones and the old ones
Better than no ones
Feed, feed 'em all to me

Careful with my stuff

What's your policy

First one's free

I save 'em up, I put 'em in my pocket

I save 'em up, put 'em in a jar

I save 'em up, I need 'em for later

I save 'em up, then they'll go real far

I time it out, gotta be real careful

I time it out, get 'em right on time

I time it out, I get 'em when I need 'em

Time is up, what's left is over

It's over

I can never have enough

Oh, I can never have enough

I sure am greedy

Hand 'em over to me

Nothing's free

I save 'em up, I put 'em in my pocket

I save 'em up, put 'em in a jar

I save 'em up, gonna need 'em for later

I save 'em up, then they'll go real far

I time it out, I'll be real careful

I time it out, get 'em right on time

I time it out, I get 'em when I need 'em

Time is up, what's left is over

Oh, I need 'em,

Yeah, I need 'em

Because I need 'em

Time is up, what's left is over

I time it out, I time it out

Because I need 'em, I really need 'em

What should I do, now I don't have you?

I really need 'em, I really need 'em

Hand me downs, the takedowns

I take the leftovers
