Mr. Trouble never hangs around

When he hears this mighty sound...

"Here I come to save the day!"

That means that Mighty Mouse is on the way.

Yessir when there is a wrong to right

Mighty Mouse will join the fight

On the sea or on the land

He gets the situation well in hand

So though we are in danger

We never despair

Cause we know that where there's danger

He is there!

He is there!

On the land!

On the sea!

In the air!

We're not worryin' at all

We're just listenin' for his call

"Here I come to save the day!"

That means that Mighty Mouse is on the way
