I see you from a distance  
From beyond the fence you've made  
Hiding all your feelings  
behind your barricade  
Have you been invaded  
Is this the reason why you hide  
I know just how your feeling  
I know so let me inside  
Open the gate up  
Open the gate up, hurry  
Open the gate up, hurry  
I want to get near you  
But you just won't let me in  
You're so scared of losing  
Everything you've got within  
Come on now you can trust me  
Come on open the door  
I know just how you're feeling  
I know, I've been there before  
Open the gate up  
Open the gate up hurry

Open the gate up hurry

Do it right now

Open the gate up...

Or I'm gonna knock the damn door down
