In the morning I wake up
And in the night I sleep
Since the day that I was born
Repeat, repeat, repeat
Brought to this life
Born to this life
Where was I before?
Non-existent? Not at all?
Will I ever know?
Today is my birthday
And I get one every year
And some dayâ€¦
Hard to believe
But I'll be buried six feet underground
Subconsciously motivated natural instinct
Alter nature for the pleasure
Orthocycline
Flirt with conception
Slow the cycle
Will the baby grow?
Social tradition interference

Control, control, control

Today is my birthday

And I get one every year

And some dayâ€¦

Hard to believe

But I'll be buried six feet underground

I'll be dead and gone, no longer around

Spinning, spinning

Before I can recall

All the unknown chemicals

Control the cycle

The successive generations

From dust to dust

Burying my grandma

Then give birth to my own daughter

Today is my birthday

And I get one every year

And some dayâ€¦

Hard to believe

But I'll be buried six feet underground

Today is my birthday

And I get one every year

And some dayâ€¦

Hard to believe

But I'll be buried six feet underground

I'll be dead and gone, no longer around

I'll be buried six feet underground
