G. Stefani, T. Kanal)

You think that we connect

That the chemistry's correct

Your words walk right through my ears

Presuming I like what I hear

And now I'm stuck in the web

You're spinning

You got me for your prey...

Sorry I'm not home right now

I'm walking into spiderwebs

So leave a message

And I'll call you back

A likely story, but leave a message

And I'll call you back

You're intruding on what's mine

Yeah and you're taking up my time

Don't have the courage inside me

To tell you please let me be

Communication, a telephonic invasion

I'm planning my escape

Sorry I'm not home right now

I'm walking into spiderwebs

So leave a message

And I'll call you back

A likely story, but leave a message

And I'll call you back

And it's all your fault

I screen my phone calls

No matter who calls

I gotta screen my phone calls

Now it's gone too deep (now it's gone too deep)

You wake me in my sleep (wake me in my sleep)

My dreams become nightmares (dreams become nightmares)

'Cause you're ringing in my ears (ringing in my)

Sorry I'm not home right now

I'm walking into spiderwebs

So leave a message

And I'll call you back

A likely story, but leave a message

And I'll call you back

And it's all your fault

I screen my phone calls

No matter matter matter matter who calls

I gotta screen my phone calls

Ooh spiderwebs

Leave a message and I'll call you back

I'm walking into spiderwebs  
So leave a message and I'll call you back  
It's all your fault  
I screen my phone calls  
No matter matter matter who calls  
I gotta screen my phone calls  
It's all your fault  
It's all your fault  
No matter who calls  
No matter who calls  
I'm walking into spiderwebs  
So leave a message and I'll call you back  
I'm walking into spiderwebs  
Leave a message and I'll call you back...  
Oh it's all your fault  
No matter who calls  
I gotta screen my phone calls  
It's all your fault  
No matter matter matter who calls  
I screen my phone calls  
I'm walking into spiderwebs  
Leave a message and I'll call you back
