Step by step I come closer to reaching the top
Every step must be placed so that I don't fall off
Looking down to see about how much higher I am
Another cool wind comes through, brushes my skin
The harder I push the tension does grow
I gather my thoughts the further and further I go
With some luck I just might keep on climbing
So better to climb than to face a fall
So high the climb
Can't turn back now
Must keep climbing up to the clouds
So high the climb
Can't turn back now
Must keep climbing up to the clouds
Pulling myself up by a rope I better my view
The only thing in sight is what I must do
As I turned I could see myself falling
Which in return gave me strength for the climb
CHORUS
Although many failed
I must now prevail with no question

Have no time to stop

Onward to the top of the mountain

And I can't turn back now

It's so very high but I can't turn back now

If I keep it up, I'm gonna make it

I'm so very close can't you see

CHORUS

I'm getting closer.
