He who brings demise
He who shall arise
Killing you tonight
Killing you in fright

I am all that you fear now and
I am all that you will know
I am all that you fear now and
I am all that you can show

Push it in so deep
Push until it bleeds
Strapping you in
Sucking you down

I am all that you fear now and
I am all that you will know
I am all that you fear now and
I am all that you can show

Here is your deadringer
Here is your deadringer
Future as a junkie fuckup
Future in a potter's field

I am all that you fear now and
I am all that you will know
I am all that you fear now and
I am all that you can show
