She said I was her needle
She was my favorite dose
The lover who brought me life
Please leave me comatose

Fix me again
Just fix me again
Come on fix me again
Fix me again

I held her close and dearly
She wants me inside her
Well I want her in me too
One made by this burn

Fix me again
Just fix me again
Come on fix me again
Fix me again
Fuck me again
Just fuck me again
Come on fuck me again
Fuck me again

Things get a little shaky sometimes
Feels like a bad bad trip
Am I loving a defector
I don't know but I'll take another ride

Fix me again
Just fix me again
Come on fix me again
Fix me again
Fuck me again
Just fuck me again
Come on fuck me again
Fuck me again
