Life has a way of making you feel like you don't mean  
nothin'

But you have a way of making me feel like i could be  
somethin' more than a nameless face with no story  
More than i thought i could be

Chorus:

You call me out from hiding  
You hold the mirror so i can see clearer  
and You pick up all the pieces and put them together to  
make something better

You're an Angel in my life

you have a way of holding my hand when there's  
nothing to hold on to  
and When I am lost just like a child you're always there  
to talk to  
and All of the noise that's drowning me out I hear your  
voice over the crowd

Chorus

You call me out from hiding and give me a reason to  
go on believin'  
You're an Angel in my life

Chorus X2

You call me out from hiding and give me a reason to  
go on believin'  
You're an Angel in my life
