White the fleeting path
The spotlight comes and goes
Stormy nights embrace the candle
Breathe the smoke
On and on into the dawn
The waves, they will roll

You'll never be
You'll never try
You'll never live
You'll never die like me

You'll never see
You'll never touch
You'll never know
Not half as much as me

Green the envy, crashing onto living stone
Red the hungry power, stealing flesh and bone

You'll never be
You'll never try
You'll never live
You'll never die like me

You'll never see
You'll never touch
You'll never know
Not half as much as me
We go on and on
And on and on
And on and on and on
Like me

Paper dolls in paper walls
We're built to fly but then we fall
So easily
We're torn apart

We go on and on
And on and on
Like me

You'll never be
You'll never try
You'll never live
You'll never die
You'll never love like me

We go on and on
And on and on
And on and on and on
Like me
