I don't care if you don't like me anymore
And I don't care if you think that I've been unfair to you
You call me names to everyone that you've been
talking to
But anyone that knows me knows that I've been nothing
but good to you

Well you said what you like and you never did care
If the things that you said ever hurt anyone
All these days on the line tonight
Nothing is right
But oh my love is real
And oh my love is real
But you can't go back

Ten years dead time left inside a box
All these days, every way that you hurt me
Knife twisting
I can feel your blood still coursing through my veins
baby
You hurt me something bad
But my only answer's to forget and forgive

Well you said what you like and you never did care
If the things that you said ever hurt anyone
All these days on the line tonight
Nothing is right
But oh my love is real
And oh my love is real
But you can't go back

I hope that life treats you well
I hope that you find yourself
And I hope that one day you'll say that you understand

Well you said what you like and you never did care
If the things that you said ever hurt anyone
All these days on the line tonight
Nothing is right
But oh my love is real
My love is real
And oh my love is real

And we cannot turn back now no no
I know that we cannot turn back now
No you can't go back
