On the cool, y'all should let me in this club for free
I'm the most realest nigga, that these hoes gon see
Got a 4 and a peach crush, one liter
All I see is one diva, and I'm bout's to come meet her
And greet her, I win's the game cause I'm a cheater
I hit once then leave her, let that other nigga keep her
For real, I been in this game for years
Everything I wear is real, ain't no shopping at Sears
So cheers to the ladies, and cheers to the fellas
And here's to my beautiful black girls, and my yellas

[Hook - 2X]

Ladies put your hands up, fellas put your drinks down
Get together, ain't no time to think now
Hit the dance flo', show you how we get down
(it's a brand new dance, it's a brand new sound)

[Verse 2]

Ooohweee, we got 'em body rocking and shocking
While them 4's be cutting, and them tops still dropping
God damn lil' mama, I like that there
You make a playa wanna stop, and hit that there
But I'm still bump and grinding, with that there
Gotta get that there, can't miss that there
Whoa lil' mama, we don't play no fair
Matter fact I gotta ask, is that your hair
Cause if it ain't, you better put a track right there
If you a playa, you got to put your hands in the air
If you a simp, you need to hit the do' right there
If you a pimp, you better check the hoe right there
You heard what I said, I meant that there
That drop on 4's, I grind to get that there
That Rolex blinding, I know it ain't fair
Southsi' for li', I represent that there

[Hook - 2X]
