Gain entry to your soul
Gain entry to your soul
Well I tried to succeed
To fulfil this great need
And gain entry to your soul

I defy any guy to penetrate
That stealy gaze
Well I'm the man who thinks he can
Get through one of these days

Repeat chorus

Men have tried to I've seen them hide
She's likened to Medusa's head
But behind that ice inside those eyes
There's a frightened little girl instead

Repeat chorus

And if you want me
You know where to call
And if you want me
I'll give you my all

Closer to that mystery
You try so hard to hide
I think this time you'll realise
There's no escape
It won't be long and I'll be at your side

I defy any guy to penetrate
That stealy gaze
Well I'm the man who thinks he can
Get through one of these days

Entry to your soul
Entry to your soul
Entry to your soul

I defy any guy to penetrate

That stealy gaze
Well I'm the man who thinks he can
Get through one of these days

Well I tried to succeed
To fulfil this great need
And gain entry to your soul

And if you want me
You know where to call
And if you want me
I'll give you my all
