"It Only Takes Two To Tango"

Visit "[It Only Takes Two To Tango](#)" on MotoLyrics.com

It only takes two to tango
It only takes two to start the dance
You gotta begin with circumstance
It takes two to tango
It only takes two

It only takes two to tango
It only takes two to start the war
You gotta make do or you gonna get more
It takes two to tango
It only takes two

It only took two in ancient history
To get to the top of the monkey tree
Better wait and see
Better wait and see
Better wait and see

It only takes two to tango
It only takes two to start the dance
You gotta make do could be your only chance
It takes two to tango
It only takes two

It only took two in ancient history
To get to the top of the monkey tree
Better wait and see
Better wait and see
Better wait and see

Better wait and see
Better wait and see
Better wait and see
Better wait and see
