Mr. Big has done his time
He's out today
And he knows the new deceit
Will come his way
He's kicking back and crossing palms
To sow the seeds
Some old darling's nest egg is just what he needs
Murder

Don't tell me lies

Little blue lies they tell me
When is it going to end
Little blue lies they tell me
They'll get you in the end
Little blue lies
They'll get you in the end
They'll get you in the end

Mr. Big is on the level
He's no square
His magic number make our trouble disappear
Hip hooray it's all ok
The sky is blue
Don't rock the boat
Just swallow what they shout at you
Don't tell me lies
