She gave no reason
I'll just follow he sun
She gave no reason
I'll be back when I return
And with reason
We might have still been friends today
If not this season
Then on judgement day, on judgement day

I was imperfect with it
Seen through perfect eyes
Please now lie down beside me
In the morning I will rise

And with reason
We might have still been friends today
If not this season
Then on judgement day, on judgement day

No reason strong enough
To keep her waiting here
All reasons disappeared a long time ago
No reason like she'd had enough
Now I'm swimming in my beer
All reason disappeared a long time ago
All reason disappeared a long time ago

And in the morning morning
Over ancient spires
The Cambridge mists were rising
Over our secret desires

And with reason
We might have still been friends today
If not this season
Then on judgement day, on judgement day

No reason strong enough
To keep her waiting here
All reasons disappeared a long time ago
No reason like she'd had enough

Now I'm swimming in my beer
All reason disappeared a long time ago
All reason disappeared a long time ago
