She's a centre spread special size of the month
She's the one on the wall
Watched by him she's scared to move

She's very well known only in the one stance
She's the girl that survived over a hundred million
glances

She's the pin up

She's always on his mind a technicolor dream
The secret weapon
She lives on his locker wall
She's the girl he dreams of when he's at sea
Although she's in 2-D, he'd like her at home waiting

She's the pin up
She's the pin up

All over submarines
They think she's so serene
As a mermaid she don't look much,
But such a sin could be this years last years thing

She's a charity gives something for nothing
A wallchart for his heart, a victim of all his desires
Sometimes he dreams of a scratch me scratch me
section
A rope ladder of hair, a Babylon for him to climb

She's the pin up
She's the pin up

All over submarines
They find her so serene
As a mermaid she don't look much,
But such a sin could be this years last years thing

She's a centre spread special size of the month
She's the one on his wall
Watched by him she's scared to move

She's very well known only in the one stance
She's the girl that survived over a hundred million
glances

She she's the pin up
She she's the pin up
She she's the pin up
She she, she she's the pin up
She she's the pin up
She she, she she's the pin up
She she, she she's the pin up
She she, she she's the pin up
