Many people tell you that they're your friend  
Believe them, you need them for what's round the river  
bend  
Make sure that you're receiving the signals they send  
'Cause brother, you've only got two hands to lend

Maybe there's someone who makes you weep  
And some nights they loom up ahead when you're  
asleep  
Sometimes, there's things on your mind, you should  
keep  
Sometimes, it's tougher to look than to leap

Better watch out for the skin deep  
Better watch out for the skin deep  
Watch out for the skin deep  
Watch out for the skin deep  
Better watch out for the skin deep

One day the track that you're climbing gets steep  
Your emotions are frayed  
And your nerves are starting to creep  
Just remember the days as long as the time that you  
keep

Brother you better watch out for the skin deep  
Better watch out for the skin deep  
Better watch out for the skin deep  
Watch out for the skin deep  
Watch out for the skin deep  
Better watch out for the skin deep

Watch out for the skin deep  
Watch out for the skin deep  
Better watch out for the skin deep

Watch out for the skin deep  
Watch out for the skin deep  
Watch out for the skin deep  
Better watch out for the skin deep
