Human Mind, Human Soul...
I love you... I love you...
Fight! Fight! Fight! Fight!
Human Weakness

No... no one
No pride at all

I see devastation and I'm ready to BURN!
My skin is infected
Quiet now, Quiet now... Quiet Human

I love you... I love you...

Fight! Fight! Fight! Fight!
No pride at all
No... no one

I am Temptation... your Saviour
You Fail

Now your Soul dies...
You won't survive
Nothing will ever survive...
Filling the void with nothingness

All rise... Satan steals you away
Hate Springs eternal
I see devastation and I'm ready to BURN!

And I never...
My skin is infected
There's no releaseNever...
