Devour the living

Devour the dead

Divide... Divide... Divide

We learn how we live when we die

We learn how we live when we die

Divide... MULTIPLY

Divide... MULTIPLY

Divide... MULTIPLY

We learn hown we live when we die

One hundred or more in the womb

Dividing the living... Defining the dead

One hundred will burn it away

One hundred will go... one hundred below

Oh God help me with these dreams

Of one hundred millions souls washed away

One hundred will go... one hundred below

One hundred will burn it away
