

## Strapping Young Lad "Japan"

Visit "[Japan](#)" on MotoLyrics.com

Time waits for no one  
No holy saviour came again  
It's here now, my old friend  
And it's time to go home...  
Back to the stars  
Now I know how it sounds  
But I know how I feel  
And this boredom kicks into the aligned  
The invisible and the divine  
And the lights upon the hill at night  
They have followed me young  
And into tomorrow No time for you  
Time alone  
This time I think I've found it  
Goodbye my love  
It came for me  
I'm going back to Japan
