Visit "[Shine](#)" on [MotoLyrics.com](https://MotoLyrics.com)

I wonder why  
Need you to try  
And on the way,  
...reeling...  
...feeling...  
BURN!

I've seen your shine  
It seems divine!  
But by the way...  
...you're clouded...  
I'm clouded???

AAAAAAAAA!!!!!!!

Don't tell me shit  
Don't you tell me fucking shit  
Boring, you're boring boring you're  
Boring, you're boring, you're boring,  
You're boring, you're boring me into myself!

Shine on, shine on, shine on

I wonder why  
Need you to try  
But by the way  
You're clouded...  
We're all clouded boy!!!
