

Departure, The "She's In Stereo"

Visit "[She's In Stereo](#)" on MotoLyrics.com

She's got airtime on the radio
Just like stereo time
She's appearing on our TV screens
It's all over the news

She's in stereo
She's in stereo
She's in stereo

She's got everybody up in arms
Says it's only for love
Skin touching mine in a crowded room
Shoulder to shoulder we are

She's in stereo
She's in stereo
She's in stereo

She says it's only for love
But I see nothing but lust
She says it's only for love
But I see nothing but lust

She's in stereo
She's in stereo
She's in stereo.
