She talks to me
She knows that she looks okay
She needs nothing
But she wants it all tonight

She talks to me
From what I can hear
She's got no personality
She takes gentlemen like me
For a ride
Our conversation twists
Is this all there is to keep me alive?

She's turning it on, yeah
She's turning it on
It's all talk, it's all talk
She's turning it on, yeah
She's turning it on
This is out talkshow

Talk to me
Take me through the motions
You got your mind
Your mind set on it

You talk to me
You're testing my patience
With your personality
You take pictures of me
As I walk down the hall
You take a picture of me
Is this all there is to keep me alive?

You're turning it on, yeah
You're turning it on
It's all talk, it's all talk
You're turning it on, yeah
You're turning it on
This is our talkshow (x2)

It's all talk, it's all talk, it's all talk

This is our talkshow
It's all talk, it's all talk, it's all talk
This is our talkshow

It's all talk, yeah
It's all talk, yeah
You're all talk
This is our talkshow (x2)

This is our talkshow
This is our talkshow

You're turning it on, yeah
You're turning it on
You're turning it on, yeah
You're turning it on

You're turning it on, yeah (x8)

Talk to me.
