I call you on the phone  
I call you when I get home  
But you don't, but you don't, but you don't  
You never answer when I call  
And I pick up the phone  
And you know that I'm alright  
And you don't have to lie

If we do not see the game you're playing with me  
That you're underestimating me  
And the secrets I keep  
Then we both know alright  
Now I don't have to lie

You don't have to spy  
Do you really wanna try?  
Or should I say goodbye?  
Don't lie to lie  
And if this is it,  
Can we just wait  
And get over it

The only thing that is ours  
Is there is this cabin in this spot  
That takes a place in my heart  
And it hurts everyday  
'Cause I pushed you away  
Are you really surprised to hear me say?

That there's this place that I go  
And there's these people I know  
It feels good to let you know  
Before this half do you know  
Is 'cause I can't keep on  
It's been too long now to stay down.
