Remember the time we had  
All these things you never told me  
All i'm tryin to forget  
all these days you really want me.

Now I'm running away from you ..  
I'm running away, I'm running yeah  
I'm running away from you .. I'm running away.

Chorus:

Cause tonight, tonight it's my night  
I won't hurry anymore  
Cause tonight, tonight it's my night  
and I won't let it go.

I wish you could hold me close  
Say you love and touch my body  
Oh I guess it's over now  
You will never ever find me.

Now I'm running away from you ..  
I'm running away, I'm running yeah  
I'm running away from you .. I'm running away.

3 x

Cause tonight, tonight it's my night  
I won't hurry anymore  
Cause tonight, tonight it's my night  
and I won't let it go.
