I'm staring at the wall
Sick and tired of all
Manic depression makes me small
It makes me crawl

I need some peace of mind
The pressure makes me blind
The labyrinth of pain
The exit I must find

It's all inside of me
The answers lie within
And all that I can win
I take for myself

I'm the one who holds the key
To all that I can be
My spirit yearns for truth
It's learning to be free

Through the years
I was doing things the wrong way
But now I've changed
It is time to say

Awaken the giant
Don't let it sleep
Awaken the giant
Look deep within

I won't give up the fight
Until I see the light
I won't give in
To the gloominess of life

The end is in my sight
In the middle of darkest night
I see my future's bright
I'm reaching for new heights

Through the years
I was doing things the wrong way

But now I've changed
It is time to say

Awaken the giant
Don't let it sleep
Awaken the giant
Look deep within

Awaken the giant
Don't let it sleep
Awaken the giant
Look deep within

Awaken the giant
Don't let it sleep
Awaken the giant
Look deep within

Awaken the giant
Don't let it sleep
Awaken the giant
Look deep within
