I thought I could not find
Someone who's so alike
The way you think
I feel it in my heart

It is so hard to see
What's happening to me
Two souls united that can't be apart
All these lonely nights and days
Let me start

Waiting for a light, this feeling
I have been denied, I'm redeeming
Heavenly divine, awareness purified

I make it through the night, am I dreaming?
Waiting for a sign, I've seen it
Heavenly divine, so fairness will finally
Be justified

If there's a past life
I know you've been all mine
You are forever the one divine
All these lonely nights and days
Let me start

Waiting for a light, this feeling
I have been denied, I'm redeeming
Heavenly divine, awareness purified

I make it through the night, am I dreaming?
Waiting for a sign, I've seen it
Heavenly divine, so fairness will finally
Be justified

I watch you when you sleep
And listen as you breathe
I'm close to you and keep you warm

Waiting for a light, this feeling
I have been denied, I'm redeeming
Heavenly divine, awareness purified

I make it through the night, am I dreaming?
Waiting for a sign, I've seen it
Heavenly divine, so fairness will finally
Be justified
