What I feel inside my mind is driving me in sane
It's so hard to explain what lies behind it
Oh what goes around
So i'm twisting here with loneliness
And all the pain inside now

Don't matter any how
It's something in the air, something is it there
Something that I had just yesterday
Everytime I cry, reaching for this life
Something is coming not for halcyon rain
And I know that just be to walk away the mist
It's something in the air, something is it there
Is the origin I don't want to found out
Halcyon days
I will try to avoid it at all but the time pull me back
If I try, will I afford all these tracks?
I don't get what's hapenning
So i'm twisting here with loneliness
It something in the air, something is it there
Something that I had just yesterday
Everytime I cry, reaching for this life
Something is coming not for halcyon rain
And I know that just be to walk away the mist
It's something in the air, something is it there
Is the origin I don't want to found out
Halcyon days
(oooooo)
(And all the pain inside now)
(Don't matter any how)
(It something in the air)
It's something in the air, something is it there
Something that I had just yesterday
Everytime I cry, reaching for this life
Something is coming not for halcyon rain
And I know that just be to walk away the mist
It's something in the air, something is it there
Is the origin I don't want to found out
Halcyon days
(oooooo).
