Since you were born, pushed into corner  
And left all alone, told what to do  
Obey all the rules  
Be just like everyone else, those fools

Day at the school, teacher's a bully  
You're mobbed as a rule, nothing from TV  
Your folks are away  
You are trapped inside this house, you must stay home

Now it's time for you to move on  
Leave the shadows of your past  
Don't let them haunt you forever

Hold on to your dream, somewhere there's a beam  
Of hope which is guiding your way through the dark  
This is your chance, your love, your romance  
Hold on to your dream and never give up in your life  
Hold on to your dream

Hold on to your dream, somewhere there's a beam  
Of hope which is guiding your way through the dark  
This is your chance, your love, your romance  
Hold on to your dream and never give up

Hold on to your dream, somewhere there's a beam  
Of hope which is guiding your way through the dark  
This is your chance, your love, your romance  
Hold on to your dream and never give up

Hold on to your dream, somewhere there's a beam  
Of hope which is guiding your way through the dark  
This is your chance, your love, your romance
