Look around, turn around  
You just might fall to the ground  
Sail away, break away  
Damage done nothing to say

All my life I've felt like an outcast  
But not anymore, a thing of the past

Feel the sun, got to run  
Feels like life has just begun  
All is new, different view  
So many things that I will do

I'm leaving behind the things I don't need  
And with confidence I'm planting the seed

I'm still alive  
I'm ready to feel the wind in my hair  
And I know  
There are so many things to share

I will write my story again  
Master plan of a new kind  
I was lost but now I'm found  
I'm still alive

I'm still alive  
I'm ready to feel the wind in my hair  
And I know  
There are so many things to share

I will write my story again  
Master plan of a new kind  
I was lost but now I'm found

I'm still alive  
I'm ready to feel the wind in my hair  
And I know  
There are so many things to share

I will write my story again  
Master plan of a new kind

I was lost but now I'm found  
I'm still alive

Alive
