Time goes by
But you can't rest
Too many things
And you're obsessed
Trying to find
Some sense to it all

No one knows what you've been through
Like no-one cares
But it's not true
Turn the page
And make a fresh start

When you are low
(when you are low)
You should know
(you should know)
You are not the only lonely soul
And you will find
(and you will find)
The strenght inside
There is no more need to hide

Just carry on
Fullfill your dreams
Don't let them try to pull you down
Just carry on
And reach your goal - stand proud
Don't give up
March on 'till the end
The road is long, you'll reach the final bend

So just carry on
So just carry on

[Guitar Solo]

Just carry on
Fullfill your dreams
Don't let them try to pull you down
Just carry on

And reach your goal - stand proud
Don't give up
March on 'till the end
The road is long, you'll reach the final bend
Just carry on
Fullfill your dreams
Don't let them try to pull you down
Just carry on
And reach your goal - stand proud
Don't give up
March on 'till the end
The road is long, you'll reach the final bend

So Just Carry On
So Just Carry On
