He's crawling out from the asylum, no  
Under cover of the night  
Insanity of his crazy mind  
It's useless for you now to hide

Walking the streets, someone's in sight  
He's waiting for you in the night  
Hiding in the shadows  
Hiding in the alleys  
He's ready to kill tonight

So lock your doors and hide  
And pray your God  
'Cause you're not alone

Years he spent in the cage  
They did not help him at all  
Now, today with the power of his rage  
He's slaughtering people tonight

Walking the streets someone's in sight  
He's waiting for you in the night  
Hiding in the shadows  
Hiding in the alleys  
He's ready to kill tonight

So lock your doors and hide  
And pray your God  
'Cause you're not alone

Madness strikes at midnight  
Madness strikes at night

Madness strikes at midnight  
Madness strikes at night

So lock your doors and hide  
And pray your God  
'Cause you're not alone

Madness strikes at midnight  
Madness strikes at night

Madness strikes at midnight  
Madness strikes at night

Madness strikes at midnight  
Madness strikes at night

Madness strikes at midnight  
Madness strikes at night
